

3 DOORS' – DIVERSITY, EQUITY, AND INCLUSION

DR. JOHN MATSUI, UC BERKELEY

Keynote at CTL Teaching Excellence
Symposium

Friday, March 29th
@ 11 AM GREAT HALL

Dr. John Matsui is the Assistant Dean of Biological Sciences and Director of the Biology Scholars Program at the University of California, Berkeley. Dr. Matsui is dedicated to making biology accessible. A primary goal of Dr. Matsui's work is to "level the playing field" for individuals who, like himself, do not fit the historical profile of success and to help them become leaders in their future science-related careers. Please join us to hear Dr. Matsui's experiences working with minoritized students and his efforts to eliminate achievement gaps.
