HUB](#)

The purpose of the Incentives Program is to stimulate faculty members to develop and submit full proposals to external funding agencies and organizations for research and educational projects. Applications to develop full proposals on any fundable topic are eligible providing they seek to advance or promulgate the mission of Cal Poly Humboldt. In accepting an Award, a Principal Investigator (PI) commits to develop and submit a full proposal for external funding.

Applications from both single PIs and collaborative applications are welcome. Applications seeking assigned time funding to develop new, previously un-submitted full proposals shall be considered; applications seeking assigned time to revise and re-submit existing proposals and/or Pre-Proposals shall not be considered.

For more information, contact Erika Wright, Research Development Lead, at erika.wright@humboldt.edu.
