February 17,
2023

Graduate Research Fellowship Program (GRFP) is a National Science Foundation (NSF) program that recognizes and supports outstanding early career graduate students from a wide range of disciplines, including social sciences and traditional STEM. This panel will consist of current and previous GRFP fellows from Cal Poly Humboldt. They will discuss the application process and their current experiences, as well as answer questions from interested applicants. Applicants must be pursuing full-time research-based master's and doctoral degrees, but all students, staff, and faculty are welcome to attend.
