

Welcome to the Humboldt Dining Newsletter!

Creating great dining experiences for Cal Poly Humboldt .

DECEMBER

Christopher Duke, RDM

As we wrap up a wonderful fall semester here at Cal Poly Humboldt, we want to thank our campus community for the continued support and enthusiasm. With fresh beginnings and new leadership this semester, it's been exciting to see our dining program grow alongside you. We look forward to building on this momentum in the new year. Wishing everyone a restful winter break and happy holidays!!

Love, Humboldt Dining

Composting & Waste Not 2.0

Humboldt Dining is committed to keeping food waste out of the landfill and understanding how to reduce it. Any food that cannot be donated in good faith is composted, supporting local farming and soil health in our community.

Through our Waste Not 2.0 program, we track food waste, compost volumes, and donations across our operations. This data helps us make smarter decisions in purchasing, preparation, and service, ensuring we continually improve our sustainability efforts and reduce our impact.

2,912 lbs vs 30.8 lbs

Waste diverted & composted locally!

Waste sent to the landfill

This data was collected from Waste Not 2.0 between August 1st 2025 to now.

DIY Tea Bag & Ramen Making with

CAL POLY HUMBOLDT
OhSNAP!
Student Food Programs

Dec. 3rd we hosted our first DIY event with OhSnap! and it was a blast! We can't wait to do this again!

Students made ramen in mason jars and designed their own tea mix!

Green Restaurant Certifications

We Have Certified Green Restaurants!

All of our sustainable practices are verified by the Green Restaurant Association, a national non-profit helping restaurants become more sustainable!

Learn more at
www.dinegreen.com

Our facility is styrofoam free, which keeps harmful chemicals and litter out of our environment

Composting food waste and recycling plastics, glass, aluminum, cardboard, and paper can keep up to 90% of our waste out of landfills,

By providing our customers with reusable take-out containers, we keep waste out of landfills and conserve natural resources
