

# INTRODUCTION TO THE GRADUATE RESEARCH FELLOWSHIP PROGRAM

WITH LIVE Q&A

The Graduate Research Fellowship Program (GRFP) is an NSF program that recognizes and supports outstanding early career graduate students from a wide range of disciplines, including social sciences and traditional STEM. This webinar will provide an overview of the program and the competitive proposal process. Examples will be provided to show what program officers look for in successful proposals. Applicants must be pursuing full-time research-based master's and doctoral degrees, but all students, staff, and faculty are welcome to attend.

April 6,  
2023

11:00 AM -  
12:00 PM
