# Film Screening: *Nurse Unseen*

## Tuesday, May 6

### 3:00–4:30 PM at Founders Hall 163

In honor of National Nurses Week (May 6–12, 2025) and Asian American Pacific Islander Desi American Heritage Month, the CSU is offering all 23 universities an opportunity to host individual screenings and watch parties of the award-winning *Nurse Unseen* documentary.

*Nurse Unseen* highlights the often-overlooked contributions of Filipino nurses in the U.S., particularly during the COVID-19 pandemic. Filipino Americans make up a significant portion of the nursing workforce, yet their stories are often underrepresented. The film offers an opportunity to honor and amplify those voices.
