Dr. Tony Platt

who will be talking about his new book

The Scandal of Cal: Land Grabs, White Supremacy, and Miseducation at UC Berkeley

"The University of California, Berkeley—widely known as "Cal"—is admired worldwide as a bastion of innovation and a hub for progressive thought. Far less known are the university's roots in plunder, warfare, and the promotion of white supremacy. As Tony Platt shows in *The Scandal of Cal*, these original sins sit at the center of UC Berkeley's history."
