

Biology Seminar

Biology Graduate Student Association and
Department of Biological Sciences

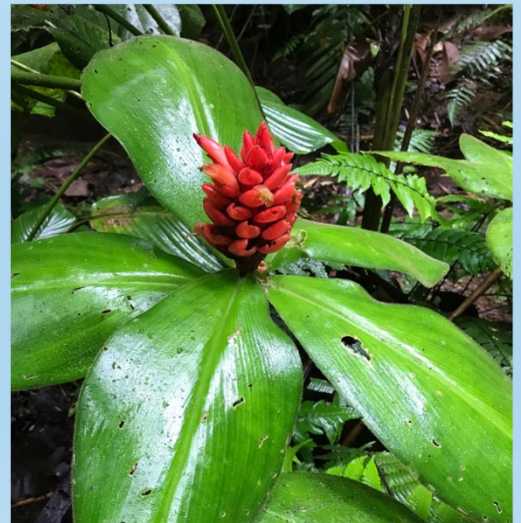

Oscar Vargas, PhD
University of California
Santa Cruz

FRIDAY, February 28
@ 12 PM
Sci B 133

Speciation with a view **Testing the role of mountains in diversification**

The Biological Sciences Seminar Series venue is wheelchair-accessible. Persons who wish to request disability-related accommodations, including sign-language interpreters, should contact the Department of Biological Sciences (707-826-3245). Please request accommodations at least two days prior to the event. Some attendees may be sensitive to various scents from perfumes, shampoos, soaps, etc.; although optional, please consider refraining from wearing scented products to this event.
